

Safety Data Sheet

01

according to Regulation (EC) No 1907/2006 (REACH)

SDS Number: CK7515(TR)-TA-UT-01-EN

Revision date:

Version:

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1	Product identifier		
	Product name	Black Toner for	
		7056i, 7057i, 8056i, 8057i	
	Consumable name	CK-7515	
	Product form	Mixture	
1.2	Relevant identified uses of the substance or mixture and uses advised against		
	Identified uses	The image formation of our electrophotographic equipment. Other uses are not recommended.	
1.3	Details of the supplier of the safety data sheet		
	Manufacturer	KYOCERA Document Solutions Inc.	
	Address	1-2-28 Tamatsukuri, Chuo-ku, Osaka 540-8585, Japan	
	Supplier	TA Triumph-Adler GmbH	
	Address	Deelbögenkamp 4c 22297 Hamburg Germany	
1.4	Emergency telephon	e number +49 (0) 40 / 528490 (This number is available only during office hours)	

SECTION 2: Hazards identification

2.1	Classification of the substance or mixture
	Classification according to Regulation (EC) No 1272/2008 (CLP)
	Not classified as hazardous mixture.
2.2	Label elements
	Labelling according to Regulation (EC) No 1272/2008 (CLP)
	Not applicable.
2.3	Other hazards
	Assessment of PBT/vPvB
	No data available.
	See section 4 and 11 for information on health effects and symptoms. See section 9 for dust explosion information.

		which present a health	or environmenta	I hazard within t	he meaning of CLP:
		Titanium dioxide.			
	(2) Substance,	which are assigned Cor	mmunity workpla	ace exposure lim	its:
		None.			
	(3) Substance, REACH:	which are PBT or vPvB	in accordance v	vith the criteria s	et out in Annex XIII of
		None.			
	(4) Substance, which are included in the list established in accordance with Article 59(1) of REACH (SVHC):				
		None.			
	See section 16	for the full text of the H	statements decl	ared above.	
SECTIO	ON 4: First aid	measures			
4.1	Description of	first aid measures			
	Inhalation:	Remove from exposure Consult a doctor in cas			
	Skin contact:	Wash with soap and water.			
	Eye contact:	Flush with water immediately and see a doctor if irritating.			
	Ingestion: Rinse out the mouth. Drink one or two glasses of water to dilute. Seek medical treatment if necessary.

SDS Number	: CK7515(TR)-TA-UT-01-EN	Issue date:	21/05/2021
Revision dat	e:	Effective date:	21/05/2021
Version:	01	Replace version:	

4.2	Most important symptoms and effects, both acute and delayed		
	Potential health effects and symptoms		
	Inhalation:	Prolonged inhalation of excessive dusts may cause lung damage. Use of this product as intended does not result in prolonged inhalation of excessive toner dusts.	
	Skin contact:	Unlikely to cause skin irritation.	
	Eye contact:	May cause transient eye irritation.	
	Ingestion:	Use of this product as intended does not result in ingestion.	
4.3	Indication of any immediate medical attention and special treatment needed		
		No additional information available.	

SECTION 5: Firefighting measures

Suitable extinguishing media

Water spray, foam, powder, CO₂ or dry chemical

Unsuitable extinguishing media

None specified.

5.2 Special hazards arising from the substance or mixture

Hazardous combustion products: Carbon dioxide, Carbon monoxide

5.3 Advice for firefighters

Fire-fighting procedures

Pay attention not to blow away dust. Drain water off around and decrease the atmosphere temperature to extinguish the fire.

Protection equipment for firefighters

None specified.

SECTION 6: Accidental release measures

6.1	Personal precautions, protective equipment and emergency procedures		
	Avoid inhalation, ingestion, eye and skin contact in case of accidental release. Avoid formation of dust. Provide adequate ventilation.		
6.2	Environmental precautions		
	Do not allow to enter into surface water or drains.		
6.3	Methods and material for containment and cleaning up		
	Gather the released powder not to blow away and wipe up with a wet cloth.

Safety Data Sheet

01

according to Regulation (EC) No 1907/2006 (REACH)

SDS Number: CK7515(TR)-TA-UT-01-EN

Revision date:

Version:

8.2 Environmental exposure controls

No additional information available.

SECTION 9: Physical and chemical properties

Information on basic physical a	and chemical properties
Appearance	
Physical state	Solid (fine powder)
Colour	Black
Odour	Odourless
Odour threshold	No data available.
рН	No data available.
Melting point [°C]	100-120 (Toner)
Boiling point	No data available.
Flash point	No data available.
Evaporation rate	No data available.
Flammability (solid, gas)	No data available.
Upper flammability or explosive	limit No data available.
Lower flammability or explosive	limit No data available.
Vapour pressure	No data available.
Vapour density	No data available.
Relative density [g/cm ³]	0.4-0.6 (Toner)
Solubility (ies)	Almost insoluble in water.
Partition coefficient: n-octanol/w	vater No data available.
Auto-ignition temperature	No data available.
Decomposition temperature	No data available.
Viscosity	No data available.
Explosive properties	No data available.
Oxidizing properties	No data available.

9.2 Other information

Dust explosion properties

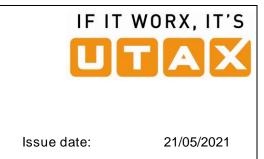

Dust explosion is improbable under normal intended use. Experimental explosiveness of toner is classified into the same rank such kind of powder as flour, dry milk and resin powder according to the pressure rising speed.

SECTION 10: Stability and reactivity

01

10.1	Reactivity
	No data available.
10.2	Chemical stability
	This product is stable under normal conditions of use and storage.
10.3	Possibility of hazardous reactions
	Hazardous reactions will not occur.
10.4	Conditions to avoid
	None specified.
10.5	Incompatible materials
	None specified.
10.6	Hazardous decomposition products
	Hazardous decomposition products are not to be produced.
SECTI	ION 11: Toxicological information
44.4	
11.1	Information on toxicological effects
	Based on available data, the classification criteria listed below are not met.

Acute toxicity

/ touto toxiony			
Oral (LD ₅₀)	> 2000 mg/kg (rat)* (Toner) > 2000 mg/kg (rat)** (Carrier)		
Dermal (LD_{50})	No data available (Toner). No data available (Carrier).		
Inhalation ($LC_{50}(4hr)$)	> 5.09 mg/l (rat)* (Toner)		
Skin corrosion/irritation			
Acute skin irritation	Non-irritant (rabbit)* (Toner) Non-irritant (rabbit)** (Carrier)		
Serious eye damage/irritation	า		
Acute eye irritation	Mild irritant (rabbit)*. (Toner)		
Respiratory or skin sensitiza	tion		
Skin sensitization	Non-sensitising (mouse)* (Toner) Non-sensitising** (Carrier)		

Safety Data Sheet

according to Regulation (EC) No 1907/2006 (REACH)

SDS Number:	CK7515(TR)-TA-UT-01-EN	Issue date:	21/05/2021
Revision date:		Effective date:	21/05/2021
Version:	01	Replace version:	

11.1	Germ cell mutagenicity	Ames test is negative** (Toner) Ames test is negative** (Carrier) *(based on test result of similar product) **(based on test result of constituent materials)		
	Information of ingredients:			
	No mutagen according to MAK, TRGS905 und (EC) No 1272/2008 Annex VI.			
	Carcinogenicity			
	Information of ingredients:			
	according to IARC, Jap	ntial carcinogen (except Titanium dioxide and Carbon Black) oan Association on Industrial Health, ACGIH, EPA, OSHA, NTP, sition 65, TRGS 905 and (EC) No 1272/2008 Annex VI.		
	The IARC re-evaluated Titanium dioxide and Carbon Black as a Group 2B carcinogen (possibly carcinogenic to humans) as the result of inhalation exposure test in rats. But, oral/skin test does not show carcinogenicity (2). The evaluation of Carbon Black is based upon the development of lung tumours in rat receiving chronic inhalation exposures to free Carbon Black at level that induce particle overload of the lung. The studies performed in animal models other than rats have not demonstrated an association between Carbon Black and lung tumours. Moreover, a two years cancer bioassay using a typical toner preparation containing Carbon Black demonstrated no association between toner exposure and tumour development in rats (1). In the animal chronic inhalation studies for Titanium dioxide, the lung tumour was observed only in rats. It is estimated that this is attributed to the overload of rat's lung clearance mechanism (overload phenomenon) (3). The inhalation of excessive Titanium dioxide does not occur in normal use of this product. Also, epidemiological studies to date have not revealed any evidence of the relation between occupational exposure to Titanium dioxide and respiratory tract diseases.			
	Reproductive toxicity			
	Information of ingredients:			
	No reproductive toxica (EC) No 1272/2008 Ar	nt according to MAK, California Proposition 65, TRGS 905 und nex VI.		
	STOT-single exposure	No data available.		
	STOT-repeated exposure	No data available.		
	Aspiration hazard	No data available.		
	Chronic effects			

In a study in rats by chronic inhalation exposure to a typical toner, a mild to moderate degree of lung fibrosis was observed in 92% of the rats in the high concentration (16 mg/m³) exposure group, and a minimal to mild degree of fibrosis was noted in 22% of the animal in the middle (4mg/m³) exposure group (1). But no pulmonary change was reported in the lowest (1mg/m³) exposure group, the most relevant level to potential human exposures.

Other information

No data available.

according to Regulation (EC) No 1907/2006 (REACH)

SECTION 12: Ecological information

01

12.1	Toxicity	

No data available.

12.2 Persistence and degradability

No data available.

- 12.3 Bio accumulative potential
 - No data available.
- 12.4 Mobility in soil

No data available.

12.5 Results of PBT and vPvB assessment

No data available.

- 12.6 Other adverse effects
 - No additional information available.

SECTION 13: Disposal considerations

13.1 Waste treatment methods

Do not attempt to incinerate the toner container or unit and the waste toner yourself. Dangerous sparks may cause burn. Any disposal practice should be done under conditions which meet local, state and federal laws and regulations relating to waste (contact local or state environmental agency for specific rules).

SECTION 14: Transport information

14.1 UN-number

None.

14.2 UN Proper shipping name

None.

14.3 Transport hazard class(es)

None.

14.4 Packing group

None.

14.5 Environmental hazards

None.

14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable.

SECTION 15: Regulatory information

-				
15.1	Safety, health and environmental regulations/legislation specific for the substance or mixture			
	EU-regulations			
	Regulation (EC) No 1005/2009 (on substances that deplete the ozone layer, Annex I and II):			
	Not listed.			
	Regulation (EU) 2019/1021 (on persistent organic pollutants, Annex I as amended):			
	Not listed.			
	Regulation (EU) No 649/2012 (concerning the export and import of dangerous chemicals, Annex I and V as amended):			
	Not listed.			
	Regulation (EC) No 1907/2006 REACH Annex XVII as amended (Restrictions on use):			
	Not listed.			
	Regulation (EC) No 1907/2006 REACH Annex XIV as amended (Authorizations):			
	Not listed.			
	US-regulations			
	All ingredients in this product comply with order under TSCA.			
	Canada regulations			
	This product is not a WHMIS-controlled product, since we consider it as a manufactured article.			
15.2	Chemical Safety Assessment			
	No data available.
